## DREAM

Everyone has dreams, so did Martin.

While we keep our eyes and visions on these dreams, and no matter how wonderful our dreams are, we need courage to take action to make them a reality.

Martin used bolts and nuts (as illustrated in the painting) to depict the steadfast actions, effort and hardwork that we should take consistently to realise our dreams.

## VANTAGE POINT

When hopes and dreams were robbed by his physical disability, unwavering faith became Martin's vantage point of light that illuminates his darkest days with hope to lead him on with courage, not knowing what would unfold next.
